

INDEX

- ABDOMINAL auscultation in infancy, a note on, 1095
contusions, 604
rigidity, diagnostic value of, 558
Aberrant pancreas, 946
Abnormal constituents of the urine after epileptic seizures, 702
Abolition of Board of Coroners, 285
of the coroner's office, 540
Abscess of the lung, 1050
of the lung, two cases of, 1094
of the spleen, 1001
Absorption of granular materials from the intestine, 1174
Academy of Medicine and doctor's club for Toronto, Can., 660
Accessory local treatment, 275
Accidents and complications following operations on the nose and throat, 335
in football, 795
Acetone, some questions relating to, 263
Acetonemia, vomiting with, 601
Achyia gastrica and pernicious anemia, 73
Acid and alkaline reaction, 44
Acne vulgaris, etiology of, 1133
Acquired dislocation of the hip in a child, 74
slow pulse, 280
Acromegaly, the calcium, phosphorus and nitrogen metabolism in, 1139
Actinomycosis in man, 647
Action of antipyrine, 70
of carbon dioxide on muscle, 308
of suprarenal extract, 606
of the rays, 958
Acute appendicitis, 119
articular rheumatism, very early diagnosis of, 72
circumscribed edema, 214
epiphysitis of the head of the femur, 999
general staphylococcal infection through the puerperal breast, 1003
hemorrhagic nephritis from potassium chlorate, 693
infectious diseases, collapse in, 266
lymphatic leucemia, 950
lymphatic leucemia and typhoid fever, 951
mastitis in typhoid fever, 283
myelogenic leucemia, 758
nephritis, 288
plumbism in an infant, 173
poliomyelitis and encephalitis, 307
septicemia, 274
suppuration of the middle ear, the etiology, pathology and symptomatology of, 105
suppurative cervical adenitis of infancy, 910
yellow atrophy, chemistry of the liver in, 309
Adams-Stokes disease, pathology of, 313
Additional milk inspectors appointed, 1088
Addition to Augustana Hospital, 612
Adenomyomata of the uterus, 380
Administration of heroin in children, 511
Adrenal extract may be valuable in the treatment of constipation, 863
gland and antitoxin, the, 1050
Adrenalin, 365
as a stimulant, 212
dangers and benefits of, etc., 1196, 1197
in urethral work, 359
Address of Dr. Lorenz, 234
of the retiring president, 331
Addresses of welcome, 902
Affections of the labyrinth resulting from general and organic disease, 197
Against use of phosphorus, 1142
Age of German university professors, 762
Agglutinated red cells, thrombi due to, 27
Agglutination of the blood plates in febrile diseases, 1134
Agurin, efficiency of, 205
Air infiltration, 986
Albumin and casts, 476
in the urine, prognostic significance of, 637
the splitting of, by bacteria, 78
Albumin through the placenta, the passage of, 77
Albuminoids, poisonous, alcohol as antidote for, 1083
Albuminuria and diabetes, 1045
and eclampsia, statistical review of cases of, 1178
and life insurance, 476
and long life, 476
tests for, 509
Alcohol and muscular strength, 899
as antidote for poisonous albuminoids, 1083
autohemolysis from, 1134
compresses, 1182
in therapeutics, 1182
Alcoholism in insanity, relation of, 1173
Aldrich, Charles J., trap-drummer's neuritis; a hitherto undescribed occupation, disease, 357
Charles J., neuritis following Ludwig's angina; report of a case, 1210
Alexander's operations, 361
Alkaloids of ipecac, 366
Almshouse, site probably chosen, 35
Almshouses and jails, 519
Alopecia areata, 605
Alumni Mt. Sinai Hospital, 178
Amebic dysentery at Johns Hopkins, 997
dysentery endemic, 997
Amending the British Columbia medical act, 895
Amendment to the medical act of New Brunswick, 895
American Academy of Medicine, 801
and European methods of treating tuberculosis compared, 35
Association of Pathologists and Bacteriologists, 959
climates for the tuberculous, 230
contributions to knowledge of pancreas, 948
American Congress on Tuberculosis, 1222
Gynecological Association, 1006, 1052
Gynecological Association, officers for, 1904
Italy, the, 356
Medical Association meeting, 566
Medical Association, the, 891, 900, 993, 1040
Medico-psychological Association, 325
pediatrics and English reviewers, 610
Pediatric Society, 1049, 1093
Philosophical Society, 707
Neurological Association, 802
Surgical Association, 1046
Urological Association, 802
Amputation under cocaine anesthesia, 1132
Amputations, osteoplastic, of the knee, 1128
Anachlorhydria, 72
Anaerobic bacillus, disease of mice produced by an, 212
Anal fissure, the cure of, without operation, 1022
Analysis of cases of gastric ulcer, 944
of fluid in hydrops of the gall-bladder, 752
Anatomical and histological changes of the nervous system in Parkinson's disease, 266
and physiological correspondence of child and adult, 910
obstacles to the reduction of old dislocations of the shoulder, 697
relations of bile duct and pancreatic duct, 946
Anchylostomiasis, 214, 890
Anders, J. M., social conditions in America in their relation to medical progress and disease, 868
An early case of osteitis deformans, 124
Anemia due to toxins, 995
from uncinariasis, 995
in children, 952
postvaccinal, in infants, 1180
Anemic anesthesia or suggestion? 21
An epidemic of 38 cases of infantile paralyzes, 306
Anesthesia, 210
Anesthesia, general, shock produced by, 1130
fluids and tissues in physico-chemical relation, 227
local, 1099
Anesthetics, 472, 792
Aneurism of aorta rupturing into the esophagus, 1139
radical cure of, 604
Angina, a new bacillus of, 314
Animal not human disease, 1043
fluids and tissues in physico-chemical relation, 310
An instrument for measuring the rate of coagulation, 757
interesting cardiac lesion, 124
interesting case of paraplegia with Recklinghausen's disease, 183
interesting medicolegal case, 801
intra-uterine applicator for fluids, 362
operation for paronychia, or "run-round," 680
Announcement, 1038
Annual addresses of State Medical Society, 123
lecture of McGill University, 226
meeting Montreal General Hospital, 419
report of the Alexian Brothers' hospital, 323
report of the secretary of the State Board of Health, 373
Anomalous cases, 476
heart disease, 44
Another Sicilian journal, 85
Anterior transplantation of the round ligaments, 605
Anthrax bacilli, granules of, 314
in Louisiana, 759
serum, an, 1100
Antileucemic serum, a leucolytic, 606
Antimalarial laws in Italy, 227
Antipyrine, action of, 70
Antisepsia, intravascular, 510
Antiseptic value of colloidal silver, 28
Antispying league formed, 706
Antitoxic, veratrum viride as an, 59
Antitoxin, complications attending use, 645
scandals, 1138
Antral disease, symptoms of, 860
empyema, 29
Anuria calculosa treated with the permanent catheter, 1108
nephrotomy for, 558
without uremia, 366
An unusual case of strangulated hernia, 505
Aorta, a case of rupture of the, 1082
Aphasia, dysphasia or, in tuberculosis meningitis, 262
Apparent fetal substitution, 488
Appearances of ova, 993
Appearance of sufferers from intestinal parasites, 994
Appendages for sterility, operations upon the, 170
Appendicitis, acute, 119
from the standpoint of the gynecologist, 907
in its acutest forms, 646
leucocytosis in, 210
prompt operation in the beginning of the attack will save nearly all cases of, 838
subphrenic abscess as a complication of, 149
the discrepancy between clinical manifestations and pathological findings in, 396
the mortality in, 833
Appendicostomy (Weir) for the treatment of chronic ulcerous colitis, 1203
Appendicular colic, 209
pain in acute lobar pneumonia of infants, 412
Appendix, fetal, the relation of meconium to the, 1214
Application of cold in gynecology, 360
Appointment, 38, 660
of Dr. Calkins, 82
of Dr. La Fetra, 222
of Dr. Noyes, 362

- Appointment of Dr. Pederson, 705
of Dr. Stewart, 227
of Drs. Thatcher and Bovaird, 465
of Dr. Vogel, 1087
Appointments at Columbia, 1138
Appropriations for Philadelphia hospitals, 756
the *Herald* on Health Department, 270
Are the hemolymph nodes organs sui generis? 310
the rectal valves the result of pathological changes? 863
we improving our opportunities? 609
Argon and helium, 851
and helium in mineral waters, 855
Argyrol, method of using, 172
Aristochin, 30
Army suicides, 758
Arnell, James Rae, a new sputum slide, 351
Arsenic in the treatment of tuberculosis, 218
Arteries, sutures of, 698
Arteriosclerosis and liver sclerosis, 279
and the digestive system, 277
and the nervous system, 278
and the heart, 277
as a mortality factor, 280
in the kidney, 277
in the young, 280
of mental disease, 278
of retina, 37
practical aspects of, 267
Arteritis and arterial thrombosis in typhoid fever, 379
Arthritis, 139
deformans, 1043
deformans at Johns Hopkins, 1043
deformans in children, 651
deformans in the dissecting room, 1044
infective, 212
suppurative, drainage of a knee-joint in, 1213
treatment of rheumatoid, 514
Artificial development of parasitic tumors, 313
feeding, 911
imitation of pathological cell conditions, 854
immunity in experimental tuberculosis, 949
Asepsis, operative, 508
Aseptic surgery on the Niger delta, 403
thermometers, new device for providing, 1142
Association of American Medical Colleges, 898
of American Physicians, 948, 1050, 1098
As to prognosis in nephritis, 795
Asylums of curative institutions, 229
Ataxia, locomotor, a study of 140 cases of, 7
Atonic gastric insufficiency and dilatation, 262
Atropine in intestinal occlusion, 366
Autohemolysis from alcohol, 1134
Autotoxemia and ductless glands, 141
Axial rotation of the penis, 327
BACILLUS aerogenes, general infection with the, 28
diphtheriae, new differential stain for the, 510
of diarrhea and dysentery, 319
of dysentery, serumtherapy against the, 29
coli communis, infection by, 1081
Backward dislocation, 283
Bacteria in ice cream, 127
very small, and their passage through filters, 28
Bacterial agent of chorea, endocarditis and rheumatism, the, 838
origin of gall-stones, 1005
Bactericidal action of the X-rays, 316
Bacteriological examination of the blood, 373
examination of the blood in scarlatina, 694
Bacteriology of pulmonary and bronchial suppurations, the, 841
of scarlatina, 841
Bacteriuria, a case of, resembling Weil's disease, 1069
Bag and hand dilatation, 1198
Bailey, Pearce, fracture of the base of the skull—neurological and medicolegal considerations, 918
Bainbridge, William Seaman, periduodenal abscess secondary to the ulcer of the duodenum, 433
Balloon, physiological observation in a, 77
Baltimore infectious disease hospital, 86
items, 566
personals, 127
Bandage in ophthalmology, the, 979
Bandler, Samuel Wyllis, the etiology of ectopic gestation, 486
Banquet of College of Physicians, 222
of ex-resident physicians of university, 466
to Sir James Grant, Ottawa, 895
Barbers ask for sanitation, 418
Barber shop, syphilis in the, 211
Bardes, A. C., eye strain, 249
Basedow's disease surgically considered, 355
Bathycardia, 948
Bayard, Dr. William, St. John, N. B., honored, 660
Beef trust and the food commissioner, 1221
Beer-yeast in otology, 29
Beggs, Wm. N., chronic parenchymatous pulmonary tuberculosis, 774
Bellevue Alumni, 321
and allied institutions, report of, 1087
Beriberi on board ship, 842
Berkefeld filter, permeability of the, 214
Bernays, A. C., prompt operation in the beginning of the attack will save nearly all cases of appendicitis, 838
Best methods for the prevention of hydrophobia, the, 814
Beta-eucaine, its advantages over cocaine, 352
Better methods for repair of the perineal structures, 909
Bilateral bony anchylosis of the temporo-maxillary articulation of traumatic origin and its surgical treatment, 322
Bilharzia, cystitis and tumors of the bladder in, 698
hematobia, a case of, 1146
Biliary passages, the surgery of the, 694
secretion and their treatment, functional disorders of the, 343
Bill for the establishment of an epileptic colony, 373
Billings, Frank, medical education in the United States, 865
Biochemisches Centralblatt, 374
Birth-marks, removal of, 1100
Birth of double monster, 564
palsies, 1144
paralysis, suture of the brachial plexus in, 604
rate of Chicago, 418
Bismutose, therapeutic value of, 174
Black, Carl E., spinal concussion, so-called, 577
Black-water fever, 215
Bladder, disease of the, 1163
hernia of the, 354
intraperitoneal rupture of the, 603
Blake, Joseph A., some problems in the major surgery of the kidneys; with a report of cases, 673
Blank cartridge wound infected with tetanus excision. Recovery, 696
Blastomycetic dermatitis, 379
lesions, 854
Blastomycosis, systemic, a case of, 1133
Blood and amniotic fluid of the mother and fetus, the, 1178
change due to syphilis and mercury, 646
changes in syphilis, 363
counts, increased, due to high altitudes, 1081
enemas in chlorosis, 993
examination in general practice, 232
from the rabbit, a simple method of obtaining, 1146
investigations in syphilis, 645
of cold-blooded animals, hemolysis in the, 28
origin of cholesterol, 1005
platelets, living, the staining of, 1083
poisoning and the streptococcus, 475
pressure, influence of baths on, 215
pressure in man, notes on, 926
pressure observations, 412
pressure, the importance of, 268
Body weight in pulmonary tuberculosis, 1079
Boiling as a method of sterilizing catheters, 56
Boldt, H. J., scope of the vaginal section, 568
Bone cavities, treatment of, 1215
cysts, 506
implantation, 855
necrosis, new germ causing, 28
Bonney, S. G., four months' experience with antistreptococcal serum in pulmonary tuberculosis, 1108
Books received, 48, 144, 336, 384, 432, 528, 576, 720, 768, 864, 960, 1104, 1152
Boric acid, the misuse of, 317
Bossi dilator and its place in accouchement force, 1199
"Boston Medical and Surgical Journal's" seventy-fifth anniversary, the, 510
Bostwick drug bill passed, 820
Bovée, J. Wesley, nephrorrhaphy in intermittent hydronephrosis, 884
Bovine tuberculosis of human beings, 949
tuberculosis to man, transference of, 315
Bowen, W. C., hematocele, 24
Boycott of retail druggist threatened, 1036
Boy's venereal peril, the, 903
Brain, headrest for removal of the, 809
Breast, supernumerary, in the axilla of an adult male, a case of, 21
Breus, the hematome of, 1083
Brewer, George Emerson, some practical points in the anatomy of the gall-bladder region, 821
Brief consideration of the mechanism of mental states encountered in alcoholic insanity, with illustrative cases, a, 580
review of some of the etiological factors in intestinal dyspepsia, 727
Brinton's plastic linitis, 214
Bronchopneumonia and malaria, 284, 285
the diagnosis and treatment of, 809
Bronchoscopy and tracheoscopy, 263
Bronson, Edward Bennet, itching: its occurrence both as a concomitant and as a cause of disease, 736
Brooks, Harlow, a contribution to the pathology and prognosis of the diseases of the bladder, 1163
Brothers, Abram, pelvic suppuration in the female, 1072
Brown, Everett J., cast from a case of membranous croup, 1207
James Moreau, report of a case of stammering and method of treatment, 1211
Thomas R., the origin of the eosinophiles and their diagnostic and prognostic importance, 1117
Bryn Mawr Hospital, 1036
Bubonic plague at Iquique, 1092
Bull-fight, the Madrid, 1193
Byways of Medical Literature, XII, 40
of medical literature, XIII, 613
of medical literature XIV, 1228
CALCIUM hydrate in diabetes, 513
phosphorus and nitrogen metabolism in acromegaly, the, 113
salts and uric acid calculi, the, 754
Calculi, prostatic, with report of a case, 254
Calomel in pneumonia, 654
Camac, C. N. B., a preliminary report on the venous hum in relation to the state of the blood, 540
Campaign against tuberculosis in Montreal, 374
of the reorganized Philadelphia health board, 1139

 Prize of \$1,000 for Dr. Sabin, 849
 Probable nature and life-cycle of the yellow fever germ, 1134
 case of Hodgkin's disease, a, 564
 Problem in preventive medicine, 97
 Professional discretion, the medical secret, 1009, 1066
 ethics, 1089
 Professor Lorenz of Cornell, 34
 Prognosis and treatment, 279
 in tuberculosis, 645
 of malignant growths, 1005
 of obstruction from Meckel's diverticulum, 717
 Prognostic significance of albumin in the urine, the, 637
 value of the diazo-reaction in pulmonary tuberculosis, the, 476, 631
 Program of tours of the International Medical Congress, 521
 Progressive pernicious anemia, a case of, 212
 Progress of gall-bladder surgery, 1004
 Prolapse of the female urethra, 605
 Prolapsus uteri, 1082
 Prompt operation in the beginning of the attack will save nearly all cases of appendicitis, 838
 Proper drainage of tears, 171
 method of cleansing the teeth, 272
 Prophylactic measures against venereal diseases, especially in the army, 304
 Prophylaxis and treatment, 996
 in the prevention of the spread of vulvovaginitis in hospital service, the, 1097
 in tuberculosis in Denmark, 1066
 in typhoid fever, 998
 of malaria, 859
 of plague, 1043
 of venereal diseases, 900
 of yellow fever, 1042
 Proposed amendment to the law governing the practice of medicine in Pennsylvania, 223
 new Bellevue hospital, the, 515
 Prostate, enlarged, 210
 Prostatectomy, 860
 and galvanocautic prostatectomy, 1047
 its indications and technic, 324
 Prostatic calculi, with report of a case, 254
 Protection by foreign tubercle bacilli
 Protective role of human saliva, the, 855
 Protect the brain during a craniotomy with the Gigli saw, instrument to, 1130
 Protest against home study of students, 943
 Prosthetic apparatus, 716
 Protoplasm and enzyme, 1174
 Pruritis vulvae and allied conditions, 1215
 the surgical treatment of, 1131
 Pseudo-diverticulum of the duodenum, 275
 leucemia, X-ray treatment of, 1131
 sclerosis, 857
 -uremia in urinary lithiasis, 993
 Psychiatric Society of New York, 517
 Psychiatric wards, 295
 Psychiatry as a clinical science, 857
 Psychical influences and reflex secretion, 142
 Psychic disturbances, 275
 Ptyergia, nature and treatment of, 29
 Puberty in the girl, 170
 Public bath-house for Camden, 894
 hospital for Richmond, 984
 weal, narcotic abuse and the, 638
 Puerperal eclampsia, 287, 460
 eclampsia, why chloroform should be used in, 24
 Pulmonary syphilis simulating tuberculosis, 211
 tuberculosis, formalin in, 213
 tuberculosis, four months' experience with antistreptococcal serum in, 1108
 tuberculosis, observations on American climates and localities in the treatment of, 552
 tuberculosis, operative treatment of, 75
 tuberculosis, the cure of, 1099
 tuberculosis, the prognostic value of the diazo-reaction in, 637
 Pulsating empyema necessitatis, 1099
 serous pleurisy, 1099
 "Purin" bodies, determination of, 508
 Purpura, 861
 Pus in the pelvis as a result of bone or joint necrosis, 92
 in the female pelvis, 1176
 in the pelvis depending upon and complicating appendiceal disease in the female, methods of treatment, 92
 Putrefaction in the lungs of fetuses without respiration, 461
 Pyloric obstruction, 906
 QUANTITATIVE estimation of albumin in the urine, 1146
 Quinine derivative, experiments with a new, 358
 means of administering to children, a, 1176
 RABIES, 813
 and the Bergh Society, 705
 Radical cure of femoral hernia, 858
 cure of aneurism, 604
 cure of hypertrophy of the prostate, 860
 Radiography in biliary lithiasis, 992
 Radioecopy in pulmonary tuberculosis, 992
 Radiotherapy, 861
 in cancer, 652
 Rainear, A. R., the proper recognition of electrotherapeutics, 1161
 Ransom, Charles C., colchicum in the treatment of gout, 1105
 Rational cure of tuberculosis, a, 859
 treatment of tetanus, the, 730
 Ray bill fails to pass the senate, 800
 Reasons for a special effort to prevent the spread of tuberculosis, 322
 Recent Bellevue charges, 416
 Reception given to Prof. Adolf Lorenz, of Vienna, 214
 to Dr. Mikulicz, 799
 Recommendations, 899
 Recovery following operation for rupture of the liver, 756
 Recrudescence of malaria, 859
 Rectal feeding, 263
 injections of antistreptococcus serum, 993
 surgery, 183
 valves anatomical, the, 863
 Red cells, agglutinated, thrombi due to, 27
 light treatment of smallpox, the, 1080
 Reflex convulsions in growing boys and girls, 650
 Reform in charities, 1086
 Registered nurse bill, the, 610
 Relation between uterine and gastric diseases, the, 699
 of gynecological and nervous affections, 1007
 of the bacillus of Shiga to the summer diarrhoea, the, 1093
 Relations between lymphatics and connective tissue, 316
 to exophthalmic goiter, 1098
 Relief of symptoms, 140
 Remarks upon adherent pericardium, 403
 Removal of an enlarged spleen, 792
 of artificial teeth from the alimentary tract, 119
 of Chinatown, 1141
 of foreign bodies from the eye, 805
 of lymph glands, 621
 of small metallic foreign bodies from the stomach without external operation, 117
 of vesical papilloma, 460
 Renal defects; congenital, unilateral, 697
 damage and phloridzin, 26
 decapulation, 471
 decapulation for puerperal eclampsia, 1054
 decapulation of chronic Bright's disease, 979
 massage, effect of, 1078
 tuberculosis, 224
 Reorganization of Department of Therapeutics at Columbia, 1088
 of health department, 984
 Repair of cystocele, the, 909
 Repeal of act compelling record of birth and deaths, 418
 Repeated ectopic gestation, 76
 Repetition of Caesarian section on the same patient; the experience of the Boston Lying-in Hospital, 1053
 Report of a case of gangrene of 15 inches of cecum and ileum after an operation for appendicitis, 958
 of a case of monocular inferior hemianopsia, 784
 of a case of mucous cyst of the anterior wall of the bladder, simulating stone or pedunculated tumor, 622
 of a case of one-sided dislocation of the mandible. Reduced by a novel manipulation, 680
 of a disease in the Philippine Islands clinically resembling glanders, 70
 of business committee, 902
 of cases of fracture of the skull, 45
 of State board of charities, 519
 of the board of trustees, 902
 of the committee on conference of the Medical Society of the State of New York, 241
 of trustees of Bellevue and allied hospitals, 221
 on bubonic plague, 1141
 upon the physics and therapeutic value of cathode and ultra-violet rays, a, 1014
 Researches in the antitoxic ions, new, 1083
 Resection of the common bile duct, 646
 Residual urine, 804
 Resignation of Dean Dudley, 1036
 of Dr. McLane, the, 1085, 1088
 of Dr. Neely, 1140
 Resolutions on child labor, 373
 Responsibility, the medical, of the lay papers, 1217
 Respiratory diseases, 985
 embarrassment when mandible is loosened, 322
 metabolism, 309
 Result of injection, 474
 of operation upon the right kidney, 1051
 upon the general health, 1051
 Results, 472
 of intravenous injections of dilute formalin solution in septicemic rabbits, the, 639, 669
 of operation for the radical cure of inguinal and femoral hernia with an analysis of 1,000 cases operated upon between 1891-1902, the, 958

Results of systematic cleansing of the teeth, 272
 Resuscitation, a new method of, 27
 Retention of chlorides, the mechanism of the, 174
 Retinal hemorrhages in fracture of the skull, 979
 Retinitis and chorioretinitis, 529
 Retinoscopy, 230
 Retroversion of the uterus, 910
 Reunion of medical class, 1088
 Reversal of the decision against Dr. Webster, 986
